Retention of Records(†)

All financial records for the current fiscal year shall be retained for audit purposes in accordance with the district Local Records Retention Schedule. Destruction of records, at the expiration of the records, shall also be in accordance with the district's Local Records Retention Schedule. Note: The Destruction Schedule [list of all records destroyed] is a permanent document. Unless a record that has been destroyed is specifically listed on a Destruction Schedule, it is presumed to still exist.

The district shall maintain grant-related records in a combination of paper and electronic formats.

In accordance with federal regulations, the district shall maintain the grant-related records in an open and machine readable format. Specifically, the district shall use the following formats to store electronic data.

- Microsoft products such as Word, Excel, Access, etc.
- Google Platforms
- Financial Management System, Skyward: HR, Assets, Purchasing, etc. modules
- Title One Crate through 806 Technologies

The Records Custodian for the financial records of the district is the Chief Financial Officer. All questions related to the retention, destruction, and/or addition of new record series shall be directed to the District's Records Management Officer (RMO).

Assignment of Access and Passwords(†)

Access to data systems shall be based on the specific job duties and responsibilities of each staff member. Except for limited exceptions, staff will not be given unilateral access to all modules in the financial and payroll system. For example, a payroll staff member will not have access to the human resources system unless the access is limited in scope and “read-only”. These restrictions to unilateral access are designed to prevent complete autonomy which could lead to fraud.

Each staff member shall be responsible for securing their assigned (selected) password. At no time shall passwords be shared with others or posted in visible locations within the staff member’s work space. Violators of this restriction shall be subject to disciplinary action, including but not limited to employment termination.

Data system access to the authorized modules, shall be determined by the Business/Student Services Team. Each staff member shall have access to their respective database(s) and tabs within a database based on their position. Security roles will be established and assigned with the specific access to each module. In the event that a staff member gains access, due to human or software error, that he/she is not entitled to, it is the responsibility and duty of the staff member to notify the Security Administrator, or Business/Student Services Team, regarding the ability to access the restricted database or module(s).

Revoking Access(†)

Access to data systems are subject to change and/or revocation when changes occur to a staff member’s position, duties or responsibilities. Access to data systems are also subject to revocation when a staff member violates the Acceptable Use Policy. Each staff member shall sign an [Acceptable Use Policy \(AUP\) Form](#) every fiscal year.

Federal and State Grant Management(†)

The Office for Grants and Fiscal Compliance (GFC) at Texas Education Agency is responsible for managing all discretionary and formula grants, ensuring the agency’s compliance with federal grant requirements, and conducting audits and reviews of all local educational agencies (LEAs). The department houses the following divisions:

- Division of Grants Administration
(formerly the Division of Discretionary Grants and the Division of Formula Funding)
- Division of Federal Program Compliance
(formerly the Fiscal Accountability and Federal Reporting Unit)
- Division of Financial Compliance
(formerly housed in the Office for Accreditation)

Compliance with all federal and state grant requirements is essential to ensure that all grant funds remain with the district. Failure to comply with grant requirements may result in denial of reimbursement requests and/or requests from the granting agency to return a portion or in some cases all grant funds.

Federal Regulations for Federal Grant Awards

All federal grant funds are subject to the compliance with Administrative (EDGAR) and Programmatic (NSLP, IDEA, etc.) regulations for each federal grant award. Title 34, Code of Federal Regulations (CFR), Parts 75-79, 81 to 86 and 97-99 EDGAR is currently in transition. For awards made prior to 12/26/2014, EDGAR Parts 74 and 80 still apply. For awards made on or after 12/26/2014, 2 CFR Part 200, which includes the substance formerly in parts 74 and 80, applies. For state-administered federal grants, TEA shall notify the district on the Notice of Grant Award (NOGA) of the applicable administrative regulations. The Federal and State Grants Addendum contains guidance for pre-December 26, 2014 federal grant awards. The date of the award to the district (or pass-through entity such as TEA) shall determine the appropriate regulations.

When the district's local policies and/or procedures conflict with the federal regulations, the district shall comply with the more restrictive regulations in all aspects of federal and state grants management.

Overview of the Education Department General Administrative Regulations (EDGAR). The EDGAR, as amended on December 26, 2014, includes five (5) subparts under 2 CFR Part 200 of EDGAR as noted below:

- Subpart A – Acronyms and Definitions
- Subpart B – General Provisions
- Subpart C – Pre-award Requirements
- Subpart D – Post-award Requirements
- Subpart E – Cost Principles
- Subpart F – Audit Requirements
- Appendices – I through XI

The EDGAR in its entirety can be accessed at:
<http://www2.ed.gov/policy/fund/reg/edgarReg/edgar.html>.

To ensure consistency with the EDGAR, the district shall utilize the acronyms and definitions included in the EDGAR for general terms related to the management of federal grant funds. The EDGAR Acronyms and Definitions can be found in CFR 200.0 through 200.99.

900 –Federal and State Programs/Grants(†)

901 State Programs – Allotments

State Program allotments are estimated and paid to school districts through a Summary of Finance template created by the Texas Education Agency. A settle-up process occurs at the end of each fiscal year – funds owed to a district are paid by TEA and funds owed by a district are paid to TEA (or TEA reduces the following fiscal year funds by the amount owed to the state).

Determined amounts of each state allotment must be spent on “direct” expenditures for the given special program. The current program intent code (PIC) are noted below by program:

- | | |
|---|--------------------------------------|
| ▪ Special Education | PIC 23 |
| ▪ Career & Technical Education | PIC 22 |
| ▪ Gifted & Talented Education | PIC 21 |
| ▪ State Compensatory Education (SCE) | PIC 24-30 (except 25& 27) |
| ▪ Bilingual/ESL Education | PIC 25 |
| ▪ High School Allotment | PIC 31 |

During the budget process, the estimated state allotment shall be calculated by the Finance Department based on prior year special program enrollment and average daily attendance (ADA). The estimated state allotment by special program shall be provided to the Special Program Administrator(s) as noted below. These special program administrators shall be responsible for developing budgets and the programmatic compliance in their respective program(s). Programmatic compliance shall include, but not limited to: program eligibility, program design, instructional delivery, entry/exit procedures, professional development, and certification.

- | | |
|---|---|
| ▪ Special Education | _ Director of Special Education |
| ▪ Career & Technical Education | _ CTE Coordinator |
| ▪ Gifted & Talented Education | _ Director of Elementary Curriculum |
| ▪ State Compensatory Education (SCE) | _ Director of Federal & State Programs |
| ▪ Bilingual/ESL Education | _ Bilingual/ESL curriculum specialist |
| ▪ High School Allotment | _ Director of Secondary Curriculum |

The Directors and Coordinators of supplemental programs in conjunction with the finance department shall be responsible for the financial compliance in each of these special programs. Financial compliance shall include, but not limited to: budgeting development & monitoring, approval of expenditures, financial reporting to TEA, and financial audit.

As part of the budget adoption process, the Finance Department shall review and verify that the proposed budgets include appropriations in each of the special programs, which correlates to developed budgets. Also, the total amounts must correlate with the state’s compliance of required expenditure percentages for each special program.

Throughout the fiscal year and at the end of the fiscal year, the Finance Department shall calculate the periodic and final spend percentages for each special program. The allocated expenditures by program intent code (PIC) shall be used to determine compliance. In the event that direct expenditures fall below the mandated percentages, the Finance Department shall ensure that the deficit amount is budgeted in the following fiscal year.

The mandated program intent codes (as defined in the FASRG) are classified as Basic or Enhanced. The PICs in these classifications for regular and special program allotments are noted below:

Basic Services – PIC 1X

- PIC 11 Basic Educational Services

Enhanced Services – PIC 2X – 3X

- PIC 21 Gifted & Talented
- PIC 22 Career & Technical Education
- PIC 23 Special Education
- PIC 24 Accelerated Education (State Compensatory Education)
- PIC 25 Bilingual and ESL Education
- PIC 26 Non-Disciplinary Alternative Education Program
- PIC 28 Disciplinary Alternative Education Program – Basic
- PIC 29 Disciplinary Alternative Education Program – SCE Supplemental
- PIC 30 Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)
- PIC 31 High School Allotment
- Pic 32 Pre-Kindergarten

If the “intent” of particular course or program is one of the Enhanced Services, the appropriate PIC shall be used for the expenditures even if an incidental student(s) benefit from the program. For example, the salary of a Bilingual Instructional Aide should be paid 100% from PIC 25, if the intent of his/her position is to support Bilingual students even though 1 or 2 non-Bilingual students also benefit from a small group instructional setting.

At the beginning of each school year, the salaries of each staff member should be determined based on their position and assignment. Specifically, we need to know the following:

- What the employee will do? Determines the function code
- Where the employee will work? Determines the organization code (may be split)
- Who will benefit? Determines the population served or PIC (may be split)

Determining the correct payroll account distribution code(s) is critical to ensure that all payroll costs are expensed in the correct account code(s). This is extremely important for staff assigned on a partial or full time basis to support a special program. Only the payroll costs for services whose intent is to serve one or more special program may be charged to the special program PIC.

During the spring semester, each school year, the Human Resource Department, District Administrators, and Campus Principals shall prepare a preliminary Staff FTEs report that is based on the Campus Master Schedule. The Staff FTE report shall reflect the names of all staff, the position, and the assignment(s) by course/class counts. [Note. The master schedule shall reflect the teaching assignment for all teachers. The population served codes (**PEIMS Population Served Code Table 030**) and program intent codes are correlated below:

- Population Served Code 04 PIC 21 Gifted & Talented
- Population Served Code 05 PIC 22 Career & Technical Education
- Population Served Code 06 PIC 23 Special Education
- Population Served Code 03 PIC 24 Accelerated Education (State Compensatory Education)
- Population Served Code 02 PIC 25 Bilingual Education
- Population Served Code 07 PIC 25 ESL Education
- Population Served Code 03 PIC 26 Non-Disciplinary Alternative Education Program
- Population Served Code 03 PIC 28 Disciplinary Alternative Education Program – Basic
- Population Served Code 03 PIC 29 Disciplinary Alternative Education Program – SCE Supplemental
- Population Served Code 03 PIC 30 Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)

All staff assigned to support all students, not specifically served in a special program, shall be coded as basic population served (01) and the basic program intent code (11).

The position control report with Staff FTE information for non-campus administrative staff shall be shared with District Administrators by the Human Resources Department by May 10 of each fiscal year. The PIC codes for all members of the campus staff shall reflect what they do, where they are assigned to work, and the special program(s) that they support.

The Teachers' schedules shall be submitted to the Director of Human Resources, Director of Special Education, Director of Federal & State Programs, Director of Elementary Curriculum and the Director of Secondary Curriculum no later than the last day of the school year. The Director of Human Resources shall verify the Staff FTEs and ensure that funds are budgeted in the appropriate payroll account codes. Budget changes and/or amendments, if any, shall be prepared by District Administrators. [Note. The minimum spend percentages shall be verified again to ensure that the budgeted amount by PIC still meets or exceeds the minimum spend percentage by special program.]

After approval of the Staff FTEs reports, the Human Resource Department and other District Administrators shall submit the Staff FTEs to the Finance Department by July 30 for the purpose of updating the payroll distribution record(s) of each district employee.

Campus Principals and Special Program Administrators shall be responsible to ensure that any changes to staff assignments are submitted to the Human Resource Department, Federal & State Programs Office and the Finance Department for approval prior to making assignment changes. The process of

verifying the duty schedule, FTEs/account codes, approval of the FTE report, and submission of the reports to the payroll department shall occur upon the receipt of assignment changes.

901.1 Gifted and Talented

The Gifted and Talented program must adhere to state law, Texas Education Code (TEC) 29.121 and TEC 42.156. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the GT program and serve the students in an appropriate manner to obtain state funds. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the Gifted & Talented special program data prior to submission to TEA shall be the Director of Advance Curriculum.

901.2 Career and Technical Education (CTE)

The Career and Technical Education program must adhere to state law, Texas Education Code (TEC) 29.181 and TEC 42.154. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the CTE program and serve the students in an appropriate manner to obtain state funds. The Master Schedule shall serve as the official document to support that each student was enrolled in a CTE course. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the CTE special program data prior to submission to TEA shall be the CTE Coordinator.

901.3 Special Education

The Special Education program must adhere to state law, Texas Education Code (TEC) 29.003 and TEC 42.151. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the Special Education program and serve the students in an appropriate manner to obtain state funds. The student's Individualized Education Plan (IEP) shall serve as the official document to support that each student is eligible for special education, the type of instructional arrangement, and the number of contact hours to be served in a special education setting. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be

submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the Special Education program data prior to submission to TEA shall be the Director of Special Education.

901.4 Compensatory Education (SCE)

The Compensatory Education program must adhere to state law, Texas Education Code (TEC) 29.081 and TEC 42152. Chapter 29 addresses the programmatic guidelines related to eligibility, “at risk” identification, and program services. Chapter 42 addresses the funding formula and allowable costs. The SCE program is funded based on the highest six (6) months of free and reduced lunch eligibility students in the prior school year. The PEIMS Business Manager shall provide counts of free and reduced lunch eligibility to the Director of Federal and State Programs and the Finance Department on request for the purposes of estimating SCE funds in the next fiscal year.

Specifically, WFISD shall identify students eligible for the Compensatory Education program based on eligibility criteria set by the state and serve the students in an appropriate manner to obtain state funds. There are thirteen (13) at risk indicators in state law. The campus and district designees shall be responsible for identification of all at risk students. The at-risk student enrollment shall be reported to TEA through the PEIMS Fall Submission.

The SCE program compliance is unlike the other special programs in that it requires specific documentation as outlined in the Financial Accounting System Resource Guide (FASRG) Module 9. The District Improvement Plan (DIP) and Campus Improvement Plans (CIP) are the primary source of documentation for the expenditure of SCE funds. According to TEA, annually within 150 days after the last day permissible to send data for the PEIMS data FINAL Midyear resubmission (typically late July), the District shall electronically submit a PDF version of the DIP and at least two (2) CIPs through the TEASE system. The determination regarding which CIPs to submit to TEA shall be based on the TEA guidelines in the FASRG, Module 9.1.2 Summary of Filing Requirements. The District’s submission dates shall be as noted below to ensure compliance with this critical requirement.

- **Campus Principals shall document and review the Comprehensive Needs Assessment (CNA) and Campus Improvement Plans (CIPs) in Plan 4 Learning at least three times a year.**
- **The District Advisory Committee (DAC) shall complete and review the Comprehensive Needs Assessment and District Improvement Plan (DIP) with input from each Department Head/Director at least three times per year. The DP and CNA shall be documented in Plan 4 Learning.**
- **The Director of Federal & State Programs shall submit the DIP and CIPs through TEASE by July of each year.**

The CIPs and DIP along with financial guidelines related to supplement not supplant, targeted-assistance versus school-wide campus expenditures, staffing formulas, job descriptions, time and effort, student

case counts, local identification criteria and allowable costs are described in Module 9 State Compensatory Education will provide guidance and the basis for all SCE expenditures.

901.5 Bilingual and ESL

The Bilingual and ESL program must adhere to state law, Texas Education Code (TEC) 29.053 and TEC 42.153. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the Bilingual or ESL program and serve the students in an appropriate manner to obtain state funds. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the Bilingual and ESL special program data prior to submission to TEA shall be the Bilingual/ESL Foreign Language Director.

901.6 High School Allotment

The use of the High School Allotment must adhere to state law, Texas Education Code (TEC) 39.234 and TEC 42.160. Chapter 39 addresses the programmatic guidelines related to program services. Chapter 42 addresses the funding weight(s) and allowable costs. Funding amounts are based on \$275 per student in average daily attendance in grades 9 through 12.

Districts may use funds for campus-level or district-wide initiatives for students in grades 6-12. Allowable uses include:

- professional development for teachers providing instruction in advanced academic courses such as Advanced Placement (AP)
- hiring of additional teachers to allow for smaller class sizes in critical content areas
- fees for students taking dual credit classes and ACT/SAT tests
- academic support, such as AVID and AP strategies, to support at-risk students in challenging courses
- credit recovery programs
- activities supporting college readiness and awareness, including transportation for college visits
- Other uses of funds listed under §61.1093

101.1

Please see [Commissioner's Rules Concerning High School Allotment](#) for detailed allowable uses of these funds. The [High School Allotment Guide](#) is also an excellent resource and shall be made available to all campus principals as a guide during the budget development process.

The Director of Secondary Education has oversight responsibility of the High School Allotment program and shall determine the allocation per campus and provide guidance to each secondary campus regarding the use of the HSA funds.

Title 1 Campus Selection

The Wichita Falls Independent School District (WFISD) poverty measure for identifying eligible school attendance areas and for selecting and funding the eligible areas/schools that will participate in the Title 1, Part A program is the free or reduced-priced lunch under the Richard B. Russell National School Lunch Act.

Multiple Attendance Area Requirements

The WFISD is a multiple attendance area as it has an enrollment of 1,000 students or more and has duplication of grades with grade spans such as K-2, 1-5, 4-5, 6-9, 9-12.

Allocation Title 1, Part A Funds to Participating Attendance Areas and Schools

The WFISD will select campuses with an economically disadvantaged population of 40% or higher to be served with Title 1, Part A funds and implement a school-wide program. The district may also opt to serve campuses with a 35% but below 40% economically disadvantaged percentage and may implement a Targeted Assistance Program. All decisions regarding which campuses will be served as school-wide or targeted assisted will be that of the district's superintendent and senior staff and communicated to the Director of Federal & State Programs.

Equitable Services for Private Non-Profit Schools

In accordance with the requirements of ESSA, the WFISD will invite Private Schools in its attendance area to participate in its federal programs. The WFISD will send a certified letter to each private inviting them to attend an initial consultation and/or indicate intent to participate or not participate in the programs. Each participating private will collaborate with the WFISD to complete an Affirmation of Consultation which will be submitted to TEA within the set timeline. The basis for eligibility to participate in the Title 1, Part Program will be the free or reduced-priced lunch under the Richard B. Russell National School Lunch Act. Each participating private school will provide copies of the free and reduced-priced lunch application for each eligible student to the WFISD. Allocation of funds from Title 1, Part A will be based on the number of qualifying economically disadvantaged students. Eligible students served will be students who fall below the 4th percentile on the Iowa tests, report card grades, and/or teacher recommendations. Services and not funds will be provided to all participating schools. Services to be provided will be based on the needs of the participating schools and following all guidelines of ESSA, EDGAR and all other state and local policies. All federally-funded purchases for the approved PNP materials, equipment, and property remain in the control and supervision of the WFISD. All inventory will be included in the WFISD inventory system. The PNP staff will notify the Director of Federal & State

Programs of any change in the location of all inventory to allow for an update in the WFISD's inventory system.

902 Federal Grants

Acronyms and definitions related to federal grant management are listed in the EDGAR, Subpart A, 200.1 through 200.99 and may be accessed [here](#).

These acronyms and definitions are used throughout this manual. One of the most critical definitions is that of a "non-federal entity". When this definition is used it refers to the "school district", as a recipient of a federal grant award.

General Provisions:

The District shall comply with all General Provisions of EDGAR (Subpart B). Specific areas of compliance are noted below:

1. The District has established a conflict of interest policy for all federal grant awards and shall disclose in writing any potential conflict of interest to the granting agency. The conflict of interest form used for other district functions shall be utilized for compliance with this provision. The Local Government Officer Conflicts Disclosure statement shall be completed by all district staff involved in federal grant awards: Superintendent, Finance Department, Human Resources, Grant Manager, and Purchasing. Conflicts of interest, if any are reported, shall be posted on the district's website and reported to the granting agency. The Purchasing Department shall be responsible for overseeing and collecting the conflict of interest questionnaires.
2. The district shall comply with all additional conflict of interest requirements required by the federal granting agency and/or the pass-through entity (TEA). The TEA provided Potential Conflict of Interest Questionnaire shall also be shared, completed and collected from all administrators involved in the grant funding decision-making process.
3. The District shall disclose in writing to the granting agency and/or pass-through entities any violations of federal criminal law including fraud, bribery or gratuity violations affecting a federal grant award. Upon detection of any fraud, abuse or waste with federal grant funds, the District shall promptly notify the proper legal authorities and pursue appropriate criminal and/or civil actions. In addition, the district shall report to the granting agency and pass-through entity, the extent of the fraud or violations. In addition, the District shall reclassify fraudulent expenditures made with federal grant awards to local district funds, i.e. the General Fund. The Chief Financial Officer shall be responsible for overseeing, reporting and documenting any fraud, abuse or waste of federal grant funds.

All district employees are prohibited from soliciting gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award.

In addition, all district employees are prohibited from accepting unsolicited gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award.

District employees who violate this administrative directive shall be subject to disciplinary action, up to and including termination of employment with the district. Violations that exceed the federal Conflict of Interest thresholds shall be reported to the federal granting agency and/or pass-through entity by the Director of Human Resources.

Pre-Federal Award Requirements:

The federal awarding agency and pass-through entities are required to evaluate the risk of the District in respect to financial stability, quality of management system, history of performance (grants), audit reports and ability to effectively implement the grant program.

The District shall implement strategies as noted below to ensure that its risk level for federal grants management is determined to be “low”:

1. Timely submission of all required programmatic and financial reports
2. Complying with the federal grant award fiscal guidelines and allowable cost principles
3. Ensuring that all grant-related staff are properly trained in their respective grants management role on at least an annual basis.
4. Implementing grant management procedures and internal controls

If the District is determined to be a “high risk” district, it shall comply with all of the additional requirements as imposed by the federal granting agency and/or pass-through entity. In addition, the District shall develop and implement strategies to correct the identified deficiencies in an effort to move to a “low risk” entity status.

No pre-award expenses shall be made by the District prior to the approval of the federal granting agency or pass-through entity. Non-authorized pre-award expenses, if any, shall be paid from local District funds, i.e. the General Fund.

902.1 Grant Application Process

The district may be eligible to apply for “entitlement” or “competitive” federal grant funds.

Federal entitlement grant funds include, but are not limited to, Every Student Succeeds Act (ESSA), Individuals with Disabilities Education Act (IDEA), and Carl D. Perkins. The “maximum” and/or “final” entitlement awards for the district are posted on the TEA Grants Management webpage at: <http://tea.texas.gov/index4.aspx?id=5040>. The appropriate grant manager shall obtain the annual entitlement amounts and begin the grant development process with the appropriate stakeholders.

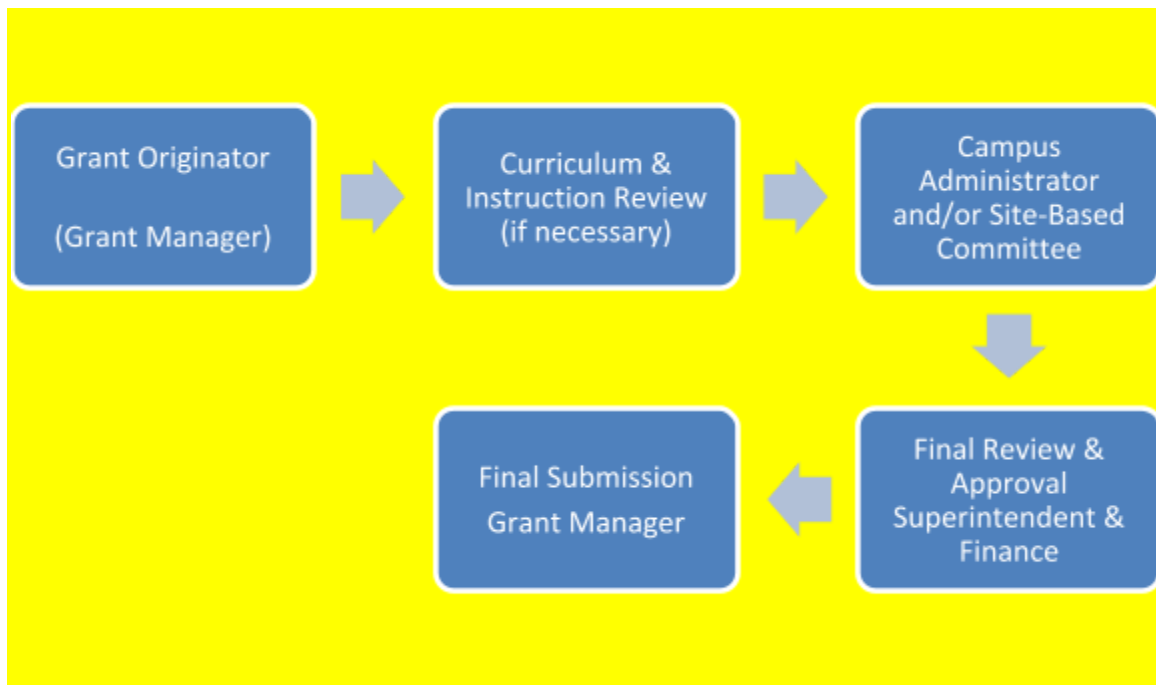

A list of competitive grants administered by the TEA are also posted on the TEA Grants Management webpage at: <http://tea.texas.gov/index2.aspx?id=2147487872>. The appropriate grant managers shall obtain the competitive grant information to determine whether the grant(s) is appropriate for the district. Some competitive grants may have matching-funds and/or in-kind payment requirements which may place a burden on the district’s available financial resources.

TEA's Grant Opportunities web page provides a wealth of information related to available grants such as:

- General and Fiscal Guidelines
- Program Guidelines
- Program-Specific Provisions and Assurances
- General Provisions and Assurances
- Debarment and Suspension Certification
- Lobbying Certification
- Sample Application
- Deadlines and Due Dates for: grant application, amendments and grant reporting.

All district staff involved in the management of federal grant awards shall be aware of these resources.

The school district's grant application process for federal grants is illustrated below on a flowchart. As noted on the flowchart, all grant applications may be reviewed by the finance department and grant management departments. The curriculum department may be involved in the grant review concerning relevant areas. In addition, all grant applications that will support student instruction at one or more campuses and must be developed in cooperation with the respective campus principal(s). Specific grant activities to support the academic program at a campus must be reflected in the Campus Improvement Plan.

The final approval of a grant application shall be the Grant Manager.

The Grants Managers shall work collaboratively with the Finance Department to ensure that all grant budget schedules are completed using the correct account code structure (as appropriate); the Human Resource Department for current staffing allocation; the district's purchasing, travel and other procedures; and are adequately documented if prior approval is required by the granting agency or pass-through entity (TEA).

The Grants Managers shall obtain pre-approval for the following activities which have been identified by the granting agency or pass-through entity (TEA);

- Student field trips
- Hosting conferences
- Out-of-state travel

Grants that require matching or in-kind district contributions shall be evaluated by the Finance Department and Superintendent to determine the overall impact on the current and future district's local funds.

No Federal grant funds shall be budgeted, encumbered, or drawn down until one of the following has occurred:

- the entitlement grant has been received by the district and the grant application has been submitted to TEA; or
- grant has been approved by the granting agency and a Notice of Grant Award (NOGA) has been issued to the district

[NOTE: TEA allows federal grant expenditures from the grant application "stamp-in date"; however, expenditures that require TEA's specific approval and not approved until the NOGA is issued.]

The Finance Department shall notify the grant managers when the funds have been budgeted and are ready for expenditure by the appropriate campus or department.

902.2 General Provisions and Assurances

General Provisions and Assurances apply to all grants administered by TEA. Additional provisions and assurances may apply to specific grants. The grant managers shall inform all staff involved in the expenditure of grant funds of the provisions and assurances for each grant program, as appropriate.

902.21 Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion

The district must not award a contract to a vendor which is debarred or suspended or is otherwise excluded from or ineligible for participation in federal grant award programs.

The Purchasing Department shall verify the eligibility of each vendor with this certification requirement by requesting that the vendor execute a Certification Form before awarding a contract and/or issuing a purchase order. A copy of the Certification Form shall be maintained with the contract and/or purchase order for audit purposes.

The Purchasing Department shall monitor ongoing contracts to verify the contractor's compliance with the debarment, suspension, ineligibility and voluntary exclusion provisions. In the event that a vendor is suspended or debarred during a contract, the district shall continue the contract in force until the contract lapses. The contract term shall not include any extensions to the original term of the contract.

902.22 Lobbying Certification

For all federal grants in excess of \$100,000, the district shall certify on the grant application that no federal grant funds are expended for the purpose of lobbying. The grant managers and finance departments shall jointly execute a Lobbying Certification Form [Standard Form – LLL: Disclosure of Lobbying Activities], as applicable, if the district used funds other than federal grant funds for lobbying activities.

The grant managers shall ensure that all contract award documents with federal grant funds contain the appropriate lobbying certification language.

902.3 Budgeting Grant Funds

The Finance Department shall budget grant funds in the appropriate fund code as authorized by Financial Accountability System Resource Guide, or the granting agency, as appropriate. In addition, the object expenditure codes noted on the grant application shall be consistent with the budgeted account codes.

Federal grant funds shall be budgeted and available for use after receipt of the NOGA or from the stamp in date.

Budget amendments, if any, shall be approved by the grant managers to ensure that the reclassification of funds is allowable under the grant management guidelines related to budget amendments. Some grants allow a transfer of funds, up to 25% of the grant award, but only within the same object class and if the new object code does not require specific approval from the granting agency.

The TEA Grants Division has developed guidance related to "When to Amend" grants administered by the TEA. The guidance document is posted on the TEA website at:
http://tea.texas.gov/Finance_and_Grants/Administering_a_Grant.aspx.

In addition to TEA's guidelines, federal regulations require that the district amend the grant application when we deviate from the original scope or grant objectives. Other amendments may be necessary when the district changes the designated Grant Manager, disengages from grant activities for more than three (3) months, or a 25% reduction in the time devoted by a grant manager.

The Grant Managers shall monitor the need for amendments at least quarterly throughout the grant period and at least one (1) month prior to the grant amendment deadline, if applicable. If an amendment is necessary for any of the reasons specified by the pass-through entity (TEA) or in federal

regulations, the Grant Manager shall initiate the amendment process and collaborate with the finance department prior to submission of the grant amendment. The approval process of a grant amendment shall be the same as the grant application process.

The finance department shall be responsible for ensuring that the finance system budget corresponds to the most recent grant NOGA.

The District's financial management system, Skyward Finance System, shall be utilized to expend and track all federal grant expenditures. The financial management system shall be maintained in a manner that provides adequate internal controls over the data integrity, security and accuracy of the financial data.

The financial management system must contain information pertaining to all federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. All expenditures of federal grant funds shall be in accordance with

In addition, the district shall retain all federal grant records for a period of **five (5) years** in accordance with the district's Local Records Retention Plan. [Note: The district's retention period exceeds the three (3) year retention period required in the EDGAR.] The district's Record Management Officer (RMO) shall be responsible to ensure that all records are retained, stored and accessible, as appropriate.

The internal control procedures shall be reviewed on at least an annual basis and updated as appropriate. If any weakness in an internal control is detected, the internal control procedures shall be revised to incorporate the weakness(es) at either the annual review or as the need arises dependent upon the severity (materiality) of the weakness.

In the event that the district receives an advance payment from a federal granting agency, the district shall ensure that it expends the advanced funds in a timely manner. Excess funds may earn interest, which may require return to the federal granting agency if the interest meets the federal threshold.

The district has determined that it will not accept advanced payments for federal grant funds.

The district shall seek reimbursement for federal grant expenditures, rather than using an advanced payment method. Consequently, the district shall prepare and submit a “draw-down” of federal grant funds only after the payments have been made and distributed to the vendor via mail, e-payables or other delivery method. The draw-down of expended funds shall be net of all rebates, refunds, contract settlements, audit recoveries and interest earned, as appropriate. The Finance Department shall be responsible for preparing the draw-down of federal grant funds.

If matching grant funds are required in the General Fund (Fund 199), the district shall utilize a sub-object to separately track the expenditures for reporting and compliance purposes.

All staff paid with cost sharing and matching funds, shall be subject to the Time and Effort Documentation requirements.

Cost sharing and matching funds that are as a result of donated services or supplies, shall be recorded and tracked in accordance with the federal regulations (CFR 200.306).

902.46 Program Income

The obligations must be expended in accordance with the grant deadlines, especially as they relate to the final draw-down of federal grant funds. Guidance regarding the obligation of federal grants funds can be found in TEA's General and Fiscal Guidelines.

The Grant Managers shall monitor the expenditures during the grant period to ensure that the funds are spent in a systematic and timely manner to accomplish the grant purpose and activities.

902.5 Procurement Standards/Expenditure of Grant Funds

Expenditures of grant funds shall be through the purchasing, finance or payroll department processes in place for non-grant funds, but shall have additional requirements as noted below to ensure full compliance with federal cost principles.

902.51 General Procurement Standards

All purchases shall be in accordance with the district's School Board Policies (CH Legal and Local). The district's purchasing procedures shall comply with all federal, state and local procurement requirements.

- Consolidation of purchases to obtain volume pricing, as appropriate
- Evaluate the cost efficiencies of leases versus purchases of equipment
- Utilize cooperative purchasing agreements, as appropriate, to obtain volume pricing

The district shall complete a review of the procurement system on at least monthly basis to self-certify that the procurement system is efficient and effective. The Director of Support Services & Purchasing shall oversee the completion of the self-certification. The results of the certification shall be distributed to all grant management staff. If deficiencies are noted, the Director of Support Services & Purchasing shall develop a Corrective Action Plan to remedy the deficiencies, as appropriate.

Conflict of Interest

The Superintendent shall execute an Organizational [Conflict of Interest \(CIS\) document](#) to disclose if any conflicts exist in the application, receipt of, or expenditure of federal grant funds.

The vendor selection process shall ensure that the district does not restrict competition among qualified vendors.

Vendor Selection Criteria

The district has selected vendor qualification criteria that includes, but is not limited to, the following:

- Past experience with the district

- Fingerprinting (If working directly with students)

The district shall develop written bid/proposal specifications that are provided to every qualified vendor to ensure consistency in the procurement process. At no time shall the district allow a specific vendor to develop the bid/proposal specifications as this may provide a barrier to open, competition among the qualified vendors. The bid/proposal documents must include guidance to vendors regarding the following:

- Time, date and place of bid/proposal opening
- Anticipated award date, as applicable
- Written specifications and addendums, as appropriate
- List of all bid/proposal required documents such as CIQ, Felony Conviction Notice, etc.

101.1

Sealed Bid Procedures

The **Procurement by Sealed Bids** method shall be used by the district when the purchase of goods or services exceed \$50,000 if the acquisition of the goods or services lends itself to a fixed price contract and the selection of the successful bidder can be made principally on the basis of price. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- The district shall notify all of the unsuccessful bidders to ensure that qualified bidders are encouraged to submit bids during future bid opportunities

101.1

Competitive Proposal Procedures

- Requests for Proposals (RFP) must be publicly advertised
- The RFP shall identify the evaluation factors and their weight in awarding the proposal
- Proposals shall be solicited from an adequate number of bidders, but no less than two (2) qualified vendors
- Proposals shall be evaluated, ranked and a recommendation for award made to the School Board at a regularly scheduled board meeting
 - The district shall develop an instrument to evaluate each proposal and rank the proposals based on the evaluation scores

 - In accordance with state law, the vendor who is ranked highest as providing the “proposal most advantageous to the district” shall be notified of the potential award
 - The district may negotiate with the vendor only as it relates to potential cost savings
 - If the district and vendor ceases to negotiate, the district shall notify the vendor in writing before starting to negotiate with the 2nd highest ranked vendor.

101.1

Noncompetitive Proposal Procedures

The **Procurement by Noncompetitive Proposal** method shall be used by the district when the purchase of goods or services is from a “sole source vendor”. A sole source vendor is defined as a vendor that meets the following requirements:

- The goods or services are only available from a single source
 - The district shall acquire and maintain a copy of a vendor’s sole source letter which specifies the statutory or other reason for its sole source status
- A public exigency or emergency will not permit a delay resulting from the competitive solicitation process
 - The district shall declare a public exigency or emergency prior to making such as purchase of goods or services under this method

- The granting agency or pass-through entity authorized the use of a non-competitive proposal method
 - The district shall obtain written approval/authorization from the granting agency or pass-through entity.
- After solicitation of a number of sources, competition is determined to be inadequate
 - The district shall determine that competition is inadequate if after two (2) solicitations of bids and/or proposal, only one vendor is responsive to the solicitations
 - This bullet will be the method used when procuring goods using Federal funds.

101.1

Other Procurement Guidelines

Regardless of the procurement method, the district shall encourage small, minority, woman-owned and labor surplus area firms to compete with other qualified vendors by implementing strategies to encourage their participation.

The district shall comply with the federal regulations related to the procurement of recovered materials (CFR 200.322) and the Solid Waste Disposal Act.

For all purchases that exceed the Simplified Acquisition Threshold of \$250,000, the district shall perform a cost or price analysis with every procurement. Secondly, all purchases that exceed this threshold shall comply with federal bonding requirements such as:

- Bid guarantee from each bidder of five percent (5%) of the contract price
- Performance bond on the part of the contractor for 100% of the contract price
- Payment bond on the part of the contractor for 100% of the contract price.

The Purchasing Department shall be responsible to ensure that all purchases above this threshold are guaranteed with the appropriate bid guarantee, performance bond and payment bond.

All contracts for services and/or goods purchased with federal grant funds shall be subjected to the same review and approval process as all other district contracts.

The district shall retain all records related to the procurement of goods and services in accordance with federal, state and local requirements. In addition, all procurement records shall be available for inspection and/or audit during the life of the records. The district shall maintain all procurement records for five (5) years in accordance with the district’s Local Records Retention Schedule.

902.6 Property Standards

Additional insurance for property purchased with federal grant funds shall be acquired if specifically required by a federal grant award. The Risk Manager shall oversee the acquisition of insurance for all federally funded property.

Real Property

The district has not and will not use federal grant funds to purchase real property.

The district shall/shall not use the federally-funded equipment to generate program income. The federally-funded supplies shall be used only for the authorized purposes. Any residual (unused) supplies, in excess of \$5,000 in total aggregate value, at the end of the grant program or project may be used for any other federal grant program. Otherwise, the supplies shall be retained by the district or sold, but must reimburse the granting agency for the district use or sell of the supplies. The district shall implement purchasing deadlines for the purchase of federally-funded supplies to ensure that residual supplies are not available at the end of the grant period or project.

Capitalization Policy and Definitions

The district shall utilize the same capitalization policy for non-grant and grant-funded asset purchases. The district's capitalization threshold for assets is \$5,000 per unit cost, as per policy CFB. The district has adopted the EDGAR (CFR 200.12) definitions of property as noted below:

- *Capital assets* means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. (CFR 200.12).

(CFR 200.94)

101.1

Acquisition Cost

The district has also adopted the EDGAR definition of Acquisition cost as noted below:

- *Acquisition cost* means the cost of the asset including the cost to ready the asset for its intended use. Acquisition cost for equipment, for example, means the net invoice price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Acquisition costs for software includes those development costs capitalized in accordance with generally accepted accounting principles (GAAP).  - Necessary is defined as costs needed to carry out the grant activities
- Be allocable to Federal awards
- Be authorized or not prohibited under State or local laws or regulations.

The certificate must be signed on behalf of the district by the Chief Financial Officer.

All district costs with federal grant funds, whether direct or indirect, shall meet the minimum requirements of allowability as specified in the 2 CFR 200.403. Specific items not listed within these procedures shall be evaluated by the Grant Manager and Finance Department on case-by-case basis for allowability. The general cost allowability rules for specific items of cost listed within these procedures shall apply to all federal grant funds, unless more restrictive allowability rules are required by a particular federal grant award. **The district shall adhere to the more restrictive allowability rules when a conflict arises between the general allowability rules, the program-specific allowability rules and the district's allowability rules.**

Time and effort requirements for staff funded 100% from one grant (or working 100% of their time in a single cost objective)

The staff funded 100% from one grant source do not have to maintain periodic time and effort records. - 1) Invoice amount exceeds the purchase order

- 2) Payment of an invoice will be paid by an account code(s) other than the original account code(s) that were used to encumber the purchase order
- 3) Travel expenditures, if not encumbered through the purchase order system
- 4) Non-purchase order payment such as petty cash, credit card, direct invoice, reimbursement, etc.
- 5) Reclassification of a prior expenditure from one account code(s) to another

All finance department staff (accounts payable staff) shall adhere to the Accounts Payable Procedures for all check disbursements. Specifically, all checks issued by the district shall be verified, recorded, approved, issued and reconciled by multiple individuals to ensure segregation of duties. [See [Fiscal Manual](#)]

101.1

The district shall use district-issued credit cards to make purchases with federal grant funds in keeping with district's credit card policies and procedures. An original, detailed receipt shall be required for all credit card purchases with federal funds. If the purchaser does not submit an original, detailed receipt for audit purposes, the expenditure and/or reimbursement may not be charged to a federal fund. At no time shall district credit cards be used to withdraw cash.

The Grant Manager shall review and approve all credit card expenditures. The Grant Manager administrative review shall consist of the following:

- 1) Original, detailed receipt includes an itemized list of what was purchased
- 2) The purchaser has documented a valid reason for the purchase which is consistent with the grant guidelines

The allowable rates of reimbursement shall be the lesser of the federal rates or local rates.

The following guidelines shall apply to the expenditure of grant funds for staff, student and/or parent travel, as appropriate.

- A completed [Travel Request Form](#) for all travel
- Registration fees – registration fees shall be allowable if the event is related to grant activities. Registration fees will be classified as contracted services instead of travel. Registration fees may be paid from the current grant period for an event during the next grant period **only if** there is an absolute deadline to register for the event. Early registration deadlines shall not apply. Recreational or social events subject to an additional fee, above and beyond the registration fee, shall not be allowed with grant funds.

902.78 Preparing Expenditure Reports & Draw Down of Funds

Draw-down of Grant Funds see 902.41

The district shall on at least a monthly, or as allowed or required by the grant guidelines, draw-down grant funds that have been spent in accordance with the grant guidelines. The draw-down shall be for all expenditures to date, less grant funds received to date, as verified by a financial general ledger. NOTE: The expenditures shall be net of all refunds, rebates, discounts, credits, and other adjustments, if any. In addition, the district may not draw down more cash than necessary to meet 3 days’ cash needs if the district has opted to operate under the cash advancement program guidelines.

If the district has opted to operate under a cash reimbursement program guidelines, the district shall submit a draw-down of federal grant funds only when the following has occurred:

- The expenditure has been made as evidenced by distribution of a paycheck to a grant funded staff member or mailing, e-paying, or delivering a payment to a vendor.

At no time shall the district draw-down any “advanced” cash payments, unless specifically allowed by the granting agency.

The draw-down of grant funds from the granting agency shall be initiated by the finance department. A detailed summary general ledger of each grant fund should be generated to determine if the district is entitled to draw-down funds, i.e. if the granting agency owes the district any funds. If the district has funds available for draw-down, a detailed general ledger should be generated and forwarded to the Grant Manager for their review and approval. [NOTE: If the grant management staff has real-time access to a detailed general ledger, they should be notified to generate and review the report.]

If a grant has a matching requirement, the district shall draw-down only the allowable amount after verifying compliance with the level of matching expenditures.

The Grant Manager review shall consist of the following:

- 1) A review of the detailed general ledger for any unusual charges or reclassification of expenditures
- 2) A test sampling of either unusual or large expenditures to ensure that the expenditures were reviewed and approved by all designated staff
- 3) Monitor the percentage of expenditures-to-date to ensure that the grant funds are expended on a timely basis throughout the grant period. [NOTE: TEA may disallow grant fund expenditures that appear to be made outside of the grant period or so late in the grant period that the district and its student did not benefit from the delayed expenditure.]

The finance department shall prepare the paper or electronic draw-down request. A copy of all supporting documentation such as the detailed general ledger and other supporting documentation shall be filed for audit purposes. The Finance Department shall prepare the journal ledger entry and post to the general ledger.

If manual approval of an electronic draw-down is required by the granting agency, the finance department shall comply with the manual requirements. For example, TEA at times requests supportive information related to a drawn down such as a detailed general ledger, narrative justification, or summary of expenditures by object code. Upon a request from the TEA, the finance department shall respond to the request within the allotted time to avoid designation as a “high risk” grantee.

The finance department shall be responsible to ensure that the requested draw down amount does not exceed a grant-specific draw down amount, or percentage.

The final draw-down of grant funds from the granting agency shall be made within the allowable time frame. The grant liquidation guidelines shall be adhered to in making final payment for all goods and services received and *placed into service* before the end of the grant period. The draw down process shall be the same as a monthly or periodic draw down, except that all refunds, rebates, credits, discounts or other adjustments to the general ledger must be recorded in the general ledger prior to submitting the final draw down request. [NOTE: There shall be no outstanding purchase orders or pending liquidations at the time of the final draw down of grant funds.] The final draw-down shall be reviewed and approved in the same manner as a periodic draw-down.

Federal regulations (CFR 200.415) requires that the district certify the accuracy of the annual and fiscal reports or vouchers requesting payments be signed by the authorized individual(s). The Finance Department shall certify every draw-down of funds, including the final expenditure report (draw-down of funds) as noted below:

By signing this report, we certify to the best of our knowledge and belief that the reports is true, complete and accurate, and the expenditures, disbursements and cash receipts are the purposes and objectives set forth in the terms and conditions of the federal award. We are aware that any false, fictitious, or fraudulent information or omission of any material fact, may subject us to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise.

If a final draw-down deadline is missed, the finance department shall contact the granting agency to determine if a process exists to request a filing deadline extension. [NOTE: TEA has developed procedures to request an extension for filing expenditure reports. The request form must be completed, signed by the Superintendent and filed with TEA within 30 days of the final expenditure report deadline.]

At the end of the year, the receivable from the granting agency shall be recorded in the general ledger. [NOTE: The revenues realized and the expenditures should be equal at the time of the final draw down of grant funds.]

Receipt of Grant Funds

All district staff, especially those assigned with federal grant duties, shall adhere to the Cash Management Procedures. Specifically, all cash received by the district shall be deposited, recorded reconciled by multiple individuals to ensure segregation of duties. [See [Fiscal Manual](#)]

The district will not maintain grant funds in a separate bank account.

The district has elected to draw down federal grant funds under the cash reimbursement program guidelines, i.e. after the delivery of the payment to the payee. No interest shall be earned, recorded, nor returned to the granting agency as a result of the cash reimbursement program.

902.8 Grant Compliance Areas

The district shall ensure that it is in compliance with all provisions and assurances of all grant programs. In addition, the district shall comply with grant requirements such as *supplement not supplant*, comparability, indirect cost, and maintenance of effort spending levels.

902.81 Supplement, Not Supplant

The term —supplement, not supplant is a provision common to many federal statutes authorizing education grant programs. There is no single supplement, not supplant provision. Rather, the wording of the provision varies depending on the statute that contains it.

Although the definition may change from statute to statute, supplement not supplant provisions basically require that grantees use state or local funds for all services required by state law, State Board

of Education (SBOE) rule, or local policy and prohibit those funds from being diverted for other purposes when federal funds are available. Federal funds must supplement—add to, enhance, expand, increase, extend—the programs and services offered with state and local funds. Federal funds are not permitted to be used to supplant—take the place of, replace—the state and local funds used to offer those programs and services. TEA has updated the Supplement, Not Supplant Handbook. This handbook documents the new Supplement, Not Supplant changes and requirements as it pertains to use of Title 1, Part A funds. [[TEA Supplement, Not Supplant Handbook, 12/2018](#)]

The district process to ensure that all grant funded activities are supplemental shall be a collaborative effort between the grants management, Finance and Purchasing Departments. All departments shall receive training and be aware of the supplement not supplant provisions. All funded activities will also be documented in the Campus and/or District Improvement Plans as appropriate and also be considered as reasonable, allocable, and allowable. Other considerations will include other guidelines such as EDGAR, ESSA, state and local policies and procedures.

The Grants Manager shall review and approve all purchase orders (and non-purchase order payments). The Grant Manager review shall include a determination if the planned purchase and/or expenditure meet the following guidelines:

1. The campus in question must be a Title I, Part A campus.
2. The WFISD's documentation is available of a valid Supplement Not Supplant methodology for allocating State and local funds. [Note: For use of funds at the LEA level, TEA advises LEAs to apply the traditional presumptions of Supplant to determine if the use of funds is supplemental.]
3. The WFISD will ensure that activities and/or resources are:
 - Identified in the Comprehensive Needs Assessments;
 - Included in the Campus Improvement Plan; the plan addresses how the activity/resource identified will be evaluated; and the plan addresses how the needs of students at risk of not meeting State Standards are being met.
 - Reasonable;
 - Necessary to carry out the intent and purpose of the Title I, Part A program;
 - Allocable; and
 - Allowable under Title I, Part A
4. The WFISD assures that the expenditure(s) meet all EDGAR requirements.
5. The WFISD assures that all district policies and procedures were followed.

Program-specific supplement, not supplant provisions shall be complied with in addition to the overall federal and/or state funds requirements.

902.82 Comparability

Comparability of services is a fiscal accountability requirement that applies to local educational agencies (LEAs) that receive funds under Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), as reauthorized by the Every Student Succeeds Act (ESSA). The intent of the comparability of services requirement is to ensure that an LEA does not discriminate (either intentionally or unintentionally) against its Title I schools when distributing resources funded from state and local sources simply because these schools receive federal funds. [\[TEA Title I, Part Comparability of Services Guidance Handbook, 2017\]](#)

The Finance Department shall conduct the comparability test on an annual basis and complete the Title I Part A Comparability Assurance Document (CAD). NOTE: If the district determines that it is exempt from the comparability requirements, the finance department shall note the exemption on the CAD and submit it to TEA. If the district is not exempt, the finance department shall complete and submit the Comparability Computation Form (CCF) to TEA by the TEA's annual deadline.

In completing the CAD and CCF, the finance department and grant manager shall follow the process outlined below [and illustrated on the workflow]

- 1) Determine if the district is exempt from the comparability requirement. If so, complete and submit CAD and stop here.
- 2) If not exempt, the comparability testing process should continue as noted below:
 - a. List all campuses in the CCF comparability testing
 - b. Identify all campuses on the CCF as Title I Part A, skipped, or non-Title I Part A
 - c. Determine whether to include dedicated EE and/or PK campuses in the comparability testing
 - d. Select test method 1, 2, or 3 and use it consistently to all campuses being tested
 - e. Complete the CAD for review by the grant management department. After review and approval by the grants management department, the CAD and CCF should be forwarded to the Superintendent for signature.
 - f. Submit the CAD and CCF to TEA by the mid-November deadline

If TEA determines that the district is non-compliant, the finance and grants management departments shall work collaboratively to address the non-compliance. In addition, the district shall adjust the budgets as appropriate to until the district is in compliance with the comparability requirement.

902.83 Indirect Cost

Grantees must have a current, approved federal indirect cost rate to charge indirect costs to the grant. The indirect cost rate is calculated using costs specified in the grantee's indirect cost plan. Those specified costs may not be charged as direct costs to the grant under any circumstances.

The Finance Department shall complete and submit an Indirect Cost Rate Proposal by the established deadline as specified by the pass-through entity (TEA) on the Indirect Cost webpage at: <http://tea.texas.gov/index4.aspx?id=3842>

The district's Indirect Cost Rate, or the maximum allowable rate, whichever is less shall be used to post Indirect Costs for federal funds to the General Fund. The finance department shall prepare a general ledger entry for the indirect costs and post the entry to the general ledger.

902.84 Maintenance of Effort

The district shall comply with the Every Student Succeeds Act (ESSA) and Individuals with Disabilities Act (IDEA) maintenance of effort requirements.

NCLB MOE

Federal statute requires that local education agencies (LEAs) receiving Title I, Part A funds must continue to maintain fiscal effort with state and local funds. An LEA may receive its full Title I, Part A entitlement if either the combined fiscal effort per student or the aggregate expenditures for the preceding fiscal year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding fiscal year. Maintenance of Effort (MOE) is determined using state and local operating expenditures by function, excluding expenditures for community services, capital outlay, debt service, and supplementary expenses as a result of a Presidential declared disaster, as well as any expenditures from funds provided by the federal government. [\[TEA NCLB MOE Handbook\]](#)

The finance department shall compute the MOE using the TEA [ESSA LEA MOE Determination Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with NCLB MOE will result in a reduction of NCLB funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the NCLB MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

IDEA-B MOE

An LEA that accepts IDEA-B funds is required under IDEA-B to expend, for services to students with disabilities, at least an amount equal to 100% of the state and/or local funds it expended on students with disabilities during the previous year. Federal law provides four methods of demonstrating compliance (or "maintaining effort"), as described in the Methods of Determining Compliance section. [\[TEA IDEA-B MOE Guidance Handbook\]](#)

The finance department shall compute the MOE using the [TEA IDEA-B LEA MOE Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with IDEA-B MOE will result in a reduction of IDEA-B funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the IDEA-B MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

NOTE: The finance department shall code all special education expenditures that qualify as exceptions to a specific sub-object for tracking purposes. For example, if the district makes a long term purchase of

equipment for a special education student, the district should track that expense separately to apply that cost as an exception during the MOE calculation.

As part of the IDEA-B grant application process, the Grant Manager will need to know the prior year Special Education expenditures and the next fiscal year budgeted Special Education Expenditures. The finance department shall provide these amounts to the Grants Manager to ensure that the most accurate amounts are reflected in the grant application. Changes to these amounts, as they are known, by the finance department shall be submitted to the Grant Manager, as appropriate.

902.85 Reporting Requirements

The district shall ensure that all reporting requirements for grant programs are met within the established timelines. Completion of the reports may require the collaboration of several departments; however, the ultimate responsibility for the reporting requirement shall be as noted below:

- 1) Programmatic reports such as activity, progress and evaluations – Grants Managers
- 2) Expenditure reports such as interim, draw down and final expenditure reports – Finance Department
- 3) Compliance reports such as Comparability, Maintenance of Effort, Indirect Cost, etc. – Finance Department
- 4) Highly Qualified/Certified Staff reports – Human Resources Department

902.86 Grant Monitoring and Accountability

The district shall ensure that all grant funds are consistently monitored throughout the grant period. The monitoring shall include, but not be limited to:

- Compliance with federal requirements such as cost principles, audit, reporting requirements, etc.
- Monitoring of grant expenditures are properly documented and meet all allowable costs
- Monitor grant performance such as internal controls, audit findings, over/under expenditures, etc.
- Implement strategies to deter, mitigate and eliminate waste and fraud in the expenditure of grant funds

The Grant Manager for each federal grant shall be responsible for the programmatic and evaluation compliance and the Finance Department shall be responsible for the financial compliance. A list of the Grant Managers by federal grant is included in the Exhibit section. The use of “Grant Manager” throughout this document shall refer to the specific Grant Manager by federal grant as listed as an Exhibit.

The Grant Manager shall monitor the timing of grant activities throughout the grant period, especially as they relate to the desired outcomes. The Finance Department shall monitor the timing of grant expenditures, especially as they relate to the period of availability of grant funds. If either the grant activities or grant expenditures reflect that the district will not accomplish the grant activities during the grant period, the Grant Manager and Finance Department shall work collaboratively to develop an action plan to ensure that the federal grant goals are met. The oversight of grant activities and expenditures shall include, but not be limited to, the following:

- Cost overruns or high unit costs
- Construction projects – certification of project completeness (as evidenced by the AIA)
- Significant developments that may result in an inability to complete the grant activities

The district shall maintain documentation to support all grant expenditures and provide the documentation upon request to the district’s external auditors, granting agency or other oversight agency, as appropriate.

Auditing findings or deficiencies shall be addressed in a timely manner upon receipt of the notification. The finance, human resources and grant managers shall work collaboratively to develop and implement a Corrective Action Plan to resolve the findings or deficiencies. The Superintendent, or designee, shall approve the Corrective Action Plan and monitor the timely implementation of corrective strategies.

The district shall disclose to the granting agency if any federal grant funds have been subject to fraud to district staff and/or contractors (vendors). Corrective actions, as appropriate, shall be implemented to remedy the loss of grant funds due to fraud.

Remedies for Non-Compliance

The district may be subject to consequences due to non-compliance with federal regulations. The district shall strive to maintain compliance, but shall respond appropriately to all notifications of non-compliance from the federal granting agency or pass-through agency (TEA).

Grant Closeout Procedures

The district shall submit all grant closeout documents to the granting agency or pass-through agency, as appropriate. Grant closeout procedures shall include, but not be limited to:

- Ensure that no obligations are made after the grant period end date
- Liquidate all obligations incurred during the grant period
- Submit the final grant program performance report, if any
- Submit the final grant expenditure report, if any
- Drawdown all the expended grant funds (reimbursement request) – Match the grant expenditure draw-downs with the finance general ledger
- Certify that the final drawdown of federal grant funds are accurate (Certification)
- Refund any excess grant funds, interest, or other payables to the granting agency or pass-through agency

- Account for any real and/or personal property on hand at the end of the grant period

WFISD Translation and Interpretation Services Procedures

Request for Parents through campus staff

When a Spanish speaking parent requires translation or interpretation, campus personnel are the first choice. If the campus does not have a staff member who speaks Spanish, the Foreign Language Department is contacted.

For new Spanish speaking families and students at the Student Service office at the Ed Center, Foreign Language Department is contacted (literally, office across the hall).

For written Spanish translations requested by district staff, a Translation Request Form is available through formspace in Eduphoria.

For languages other than Spanish, district staff contacts Foreign Languages Department, which coordinates with the principal of Sheppard Elementary, in the AFB, who has a database of airmen and families who are available to translate and interpret in a variety of languages.

The district has a District Translator/Interpreter position.
