

WEEKLY THEMES

ALL ABOUT ME!

JUNE 5th-9th

Campers will have the chance to meet and make new friends, share all about themselves in a safe environment and work on building relationships with other campers and counselors.

GO GREEN

JUNE 12th-16th

Campers will spend this week learning how to reduce, reuse, recycle and recover! We will use what we learn to be environmentally friendly to our community and surroundings! It will be so fun to watch what we plant GROW all summer long.

SPORTS

JUNE 19th-23rd

Campers will play plenty of both team and individual games, as well as participate in small tournaments and tiebreakers. Remember that it's not all about winning - learning good sportsmanship and being a team player is what makes sports fun!

DISNEY

JUNE 26th-30th

Counselors and campers are invited to dress up in their favorite Disney costumes, t-shirts, and/or makeup to celebrate. During this theme week, we'll make Mickey Ears out of paper plates and start the day with Disney Trivia and Song Quizzes, movie acting and so much more!

RED, Y, & BLUE

JULY 3rd-7th

Bring all your star-spangled spirit and come celebrate our country all week long!

ASK Y!

JULY 10th-14th

Campers will explore logistics and get answers to questions they may have. Learners are leaders, and we want to help our minds prepare for learning as we prepare for a new school year. How hot does a volcano get? How does a shark hear? What does a monkey do for fun? Let's find out! We will work together to find the answers to your most intriguing questions!

ART

JULY 17th-21st

We will dig into art history, various artistic expressions, and get MESSY! From shaving cream, sand, paint, and more, you don't want to miss this creative week!

COLOR WARS

JULY 24th-28th

Campers & counselors will take their assigned color teams and compete in a variety of different challenges. At the end of the week, the scores will be tallied up and one team will be declared victorious! This week is all about teamwork and camp spirit.

STEM

JULY 31st-August 4th

Campers will explore all things science, technology, engineering and mathematics! From lego challenges, creating a maze run, to diy hands on crafts, the possibilities are endless!

BLAST OFF FROM SUMMER!

AUGUST 7th-11th

Campers will celebrate by diving into superhero play, learning space facts and activities, cooling off with a cold treat and reflecting on all the memories we've made through summer camp!
